Artistic Album to develop
imagination, creativity and fantasy

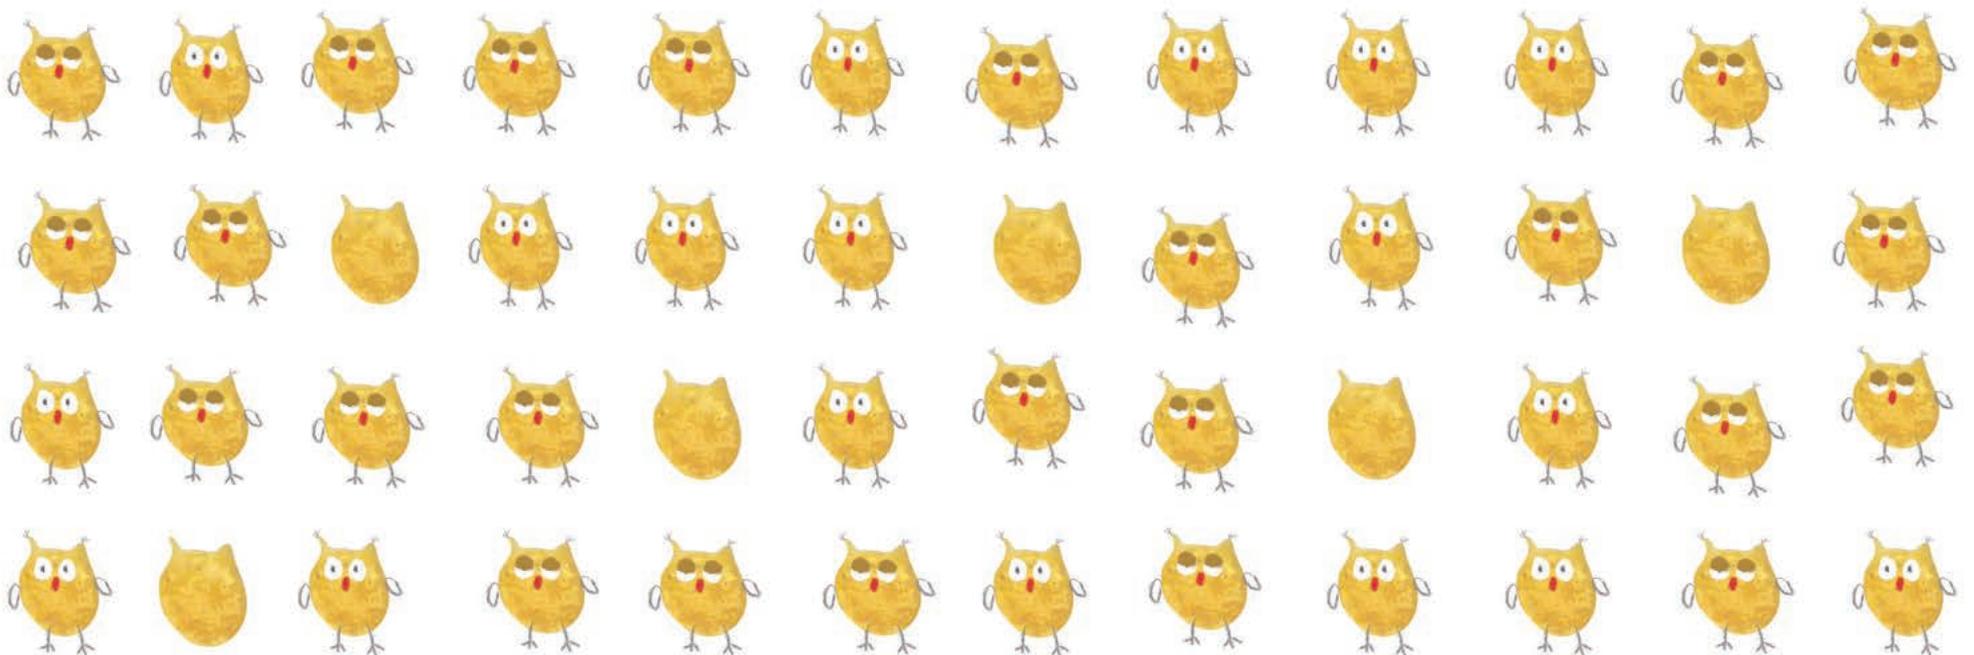

de 5 a 150

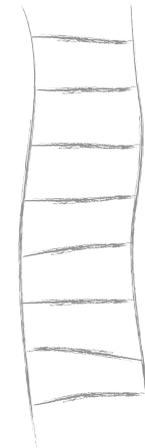

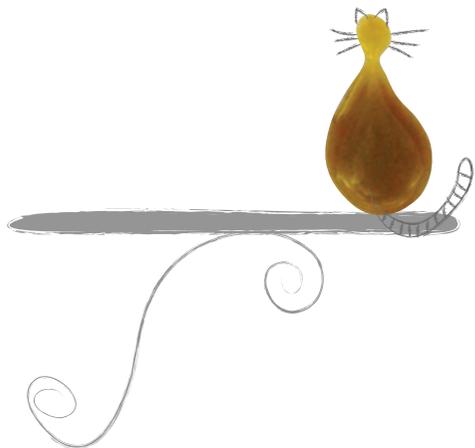

Circle all the awake owls

Find the unfinished owls and draw each of them on a different way

This book is to enjoy the wonderful country called
IMAGINATION.

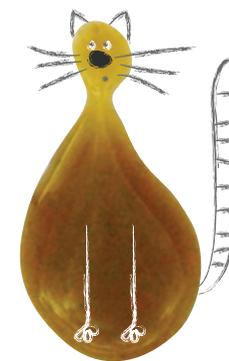

If you want, start drawing on this page...
Would you add something to this drawing?

Elena Nikonorova

FUN

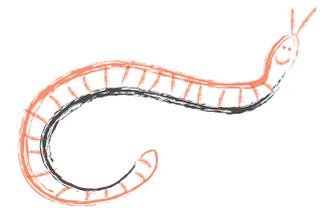

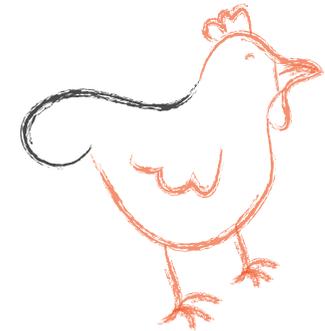

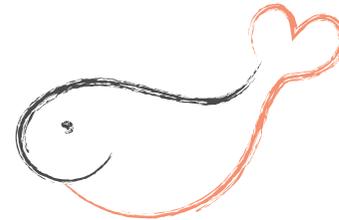

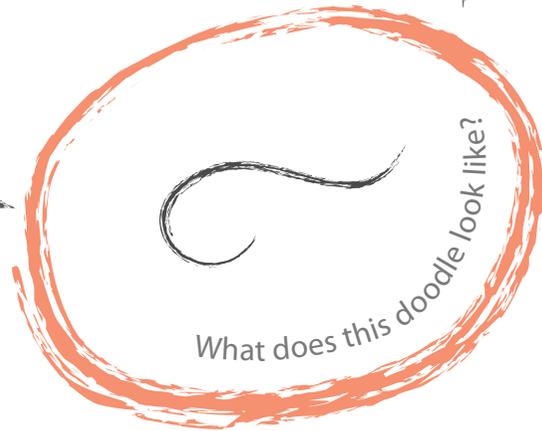

IMAGINATION

The owner and artist of this album is...

1

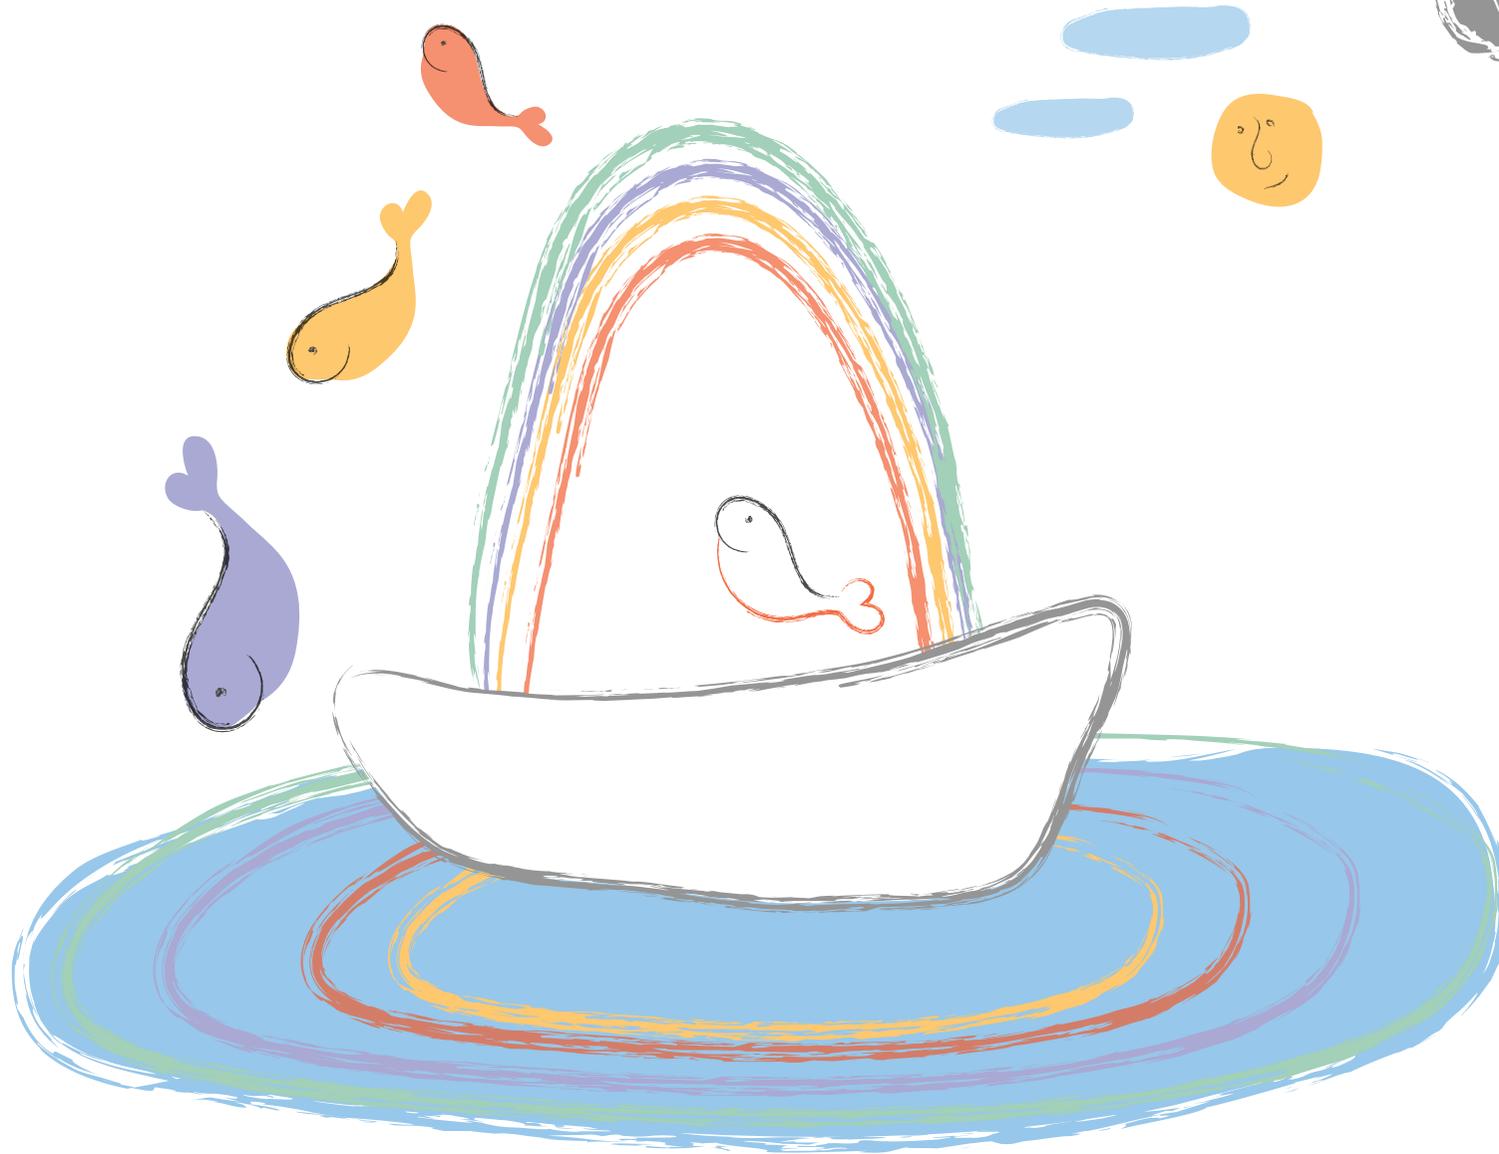

DROODLES
Doodles are an interesting invention of the writer and humorist Rodger Praines. They are a kind of doodles that we draw without thinking in order to turn them into a complete drawing. We can finish them in many ways. Have fun inventing your drawings!

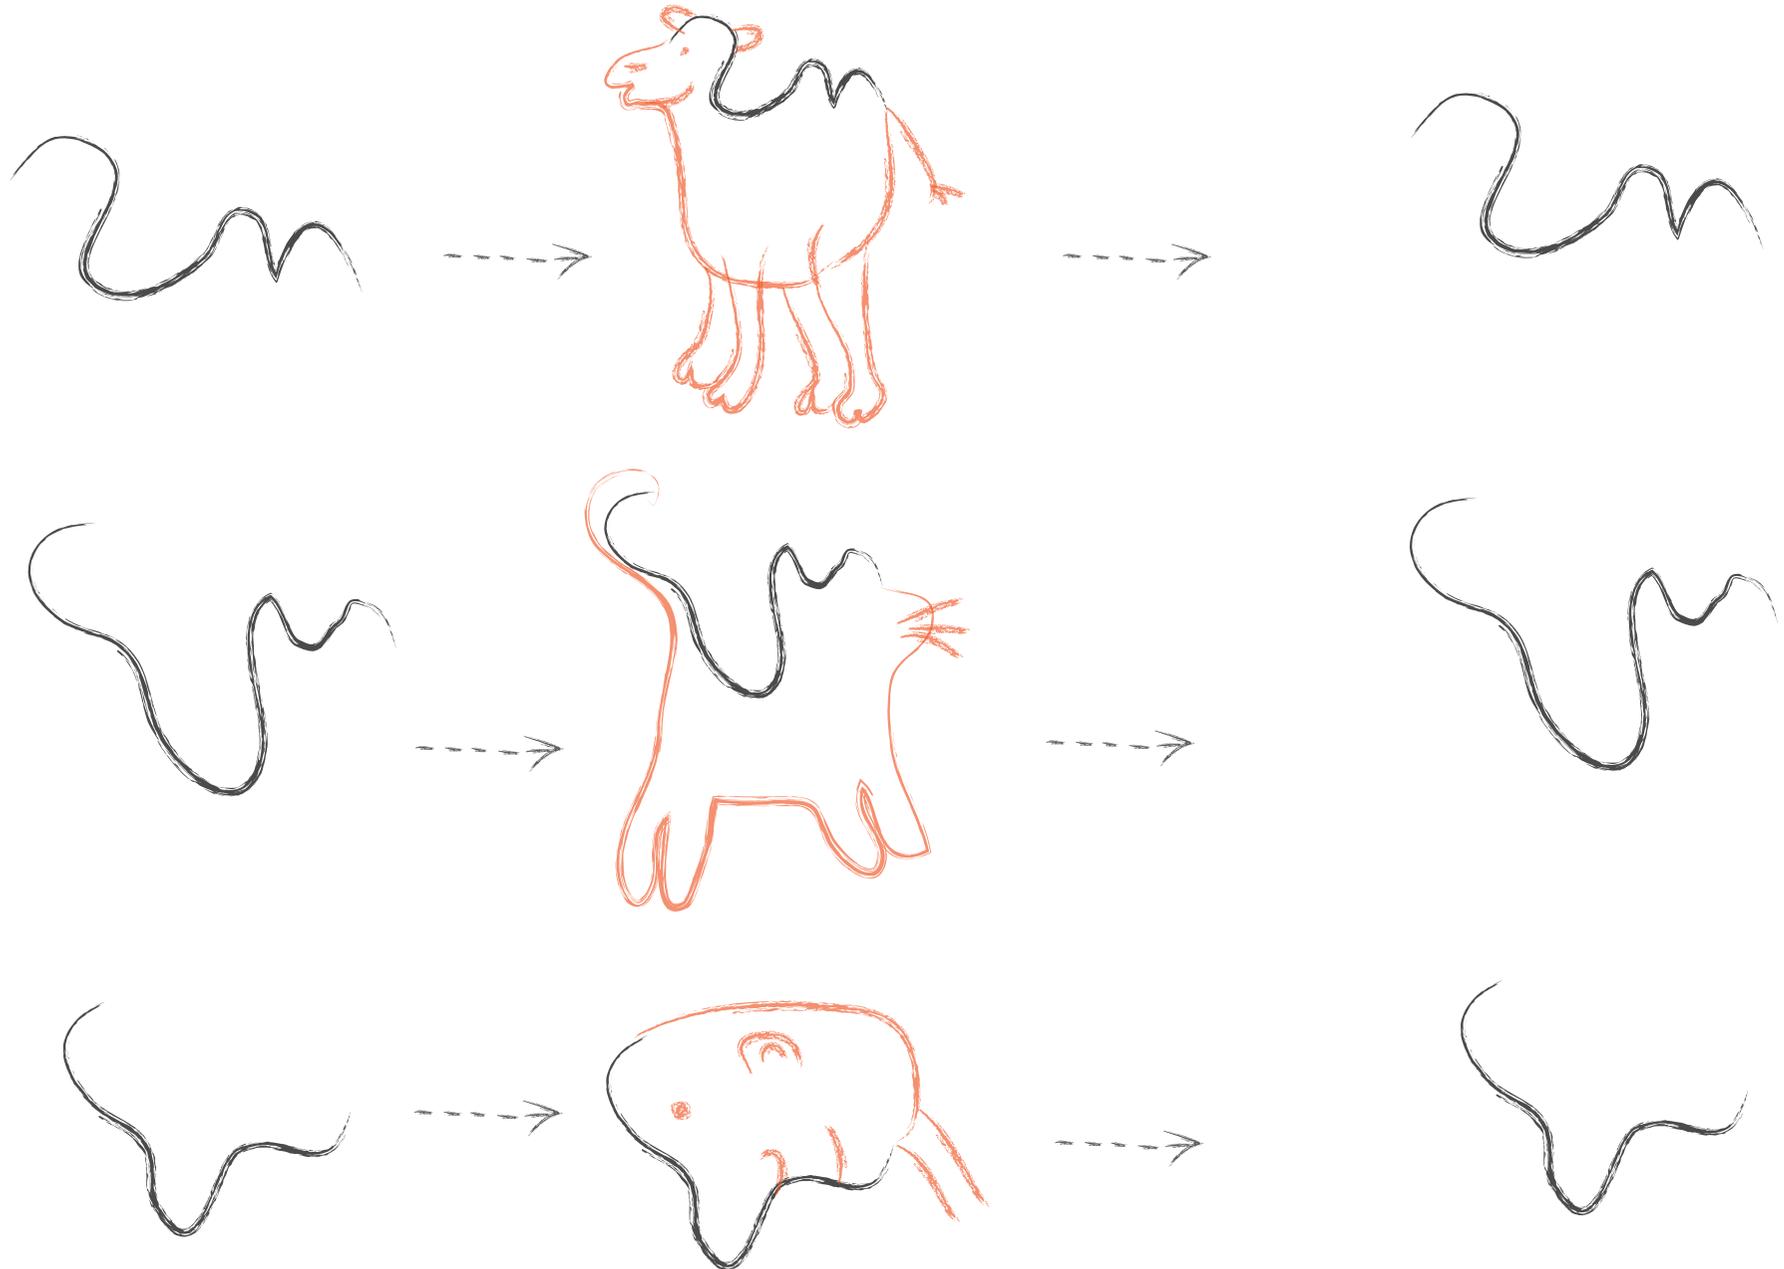

With fun doodles, fun drawings can be invented

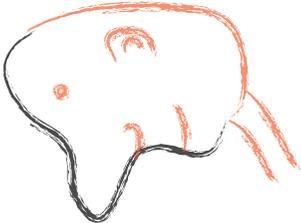

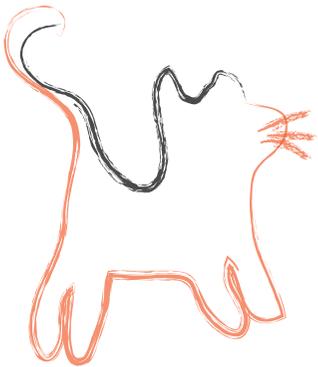

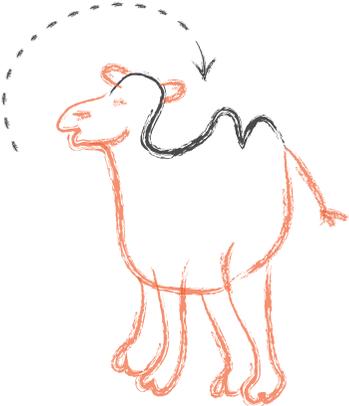

Imagine your story
with this drawing

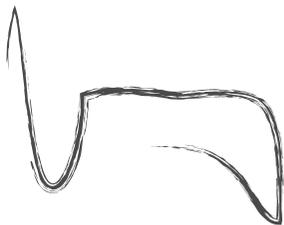

Invent your own drawings through these doodles

Create more drawings with the doodles rotated

Turn these scribbles into characters and objects

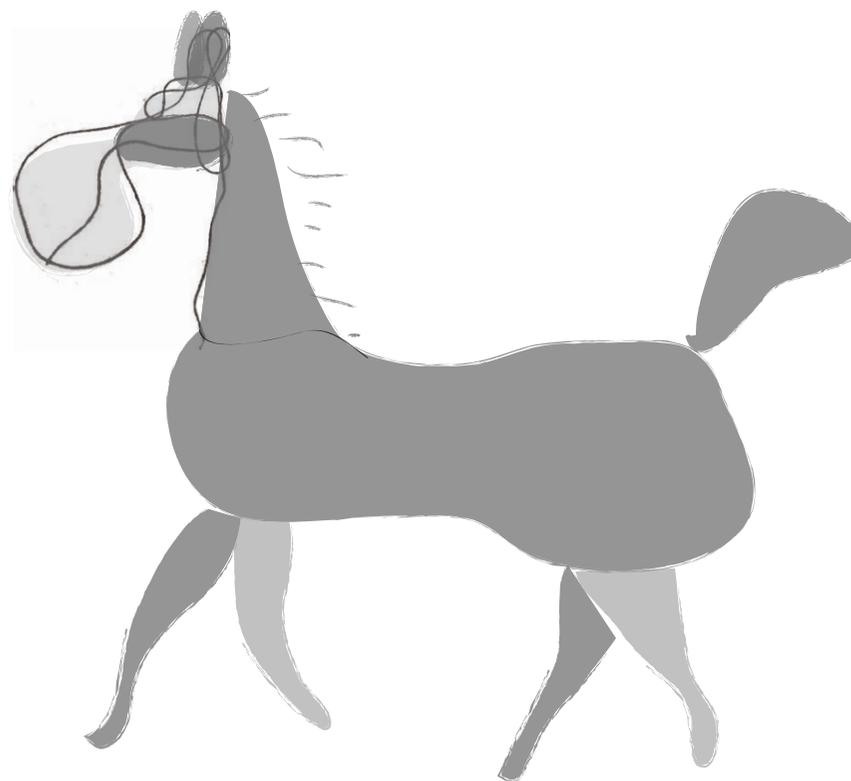

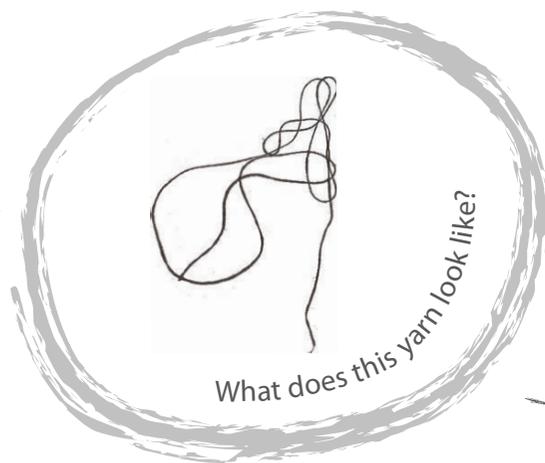

Play by drawing your own doodles by yourself, with your friends or with your family

It is fun!

2

Take a yarn and stain it with paint (such as gouache, watercolour, etc). Then, place it on a sheet of paper and cover it with another one. You will get a very interesting print! Create your drawings with these prints.

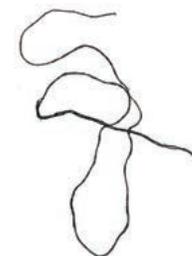

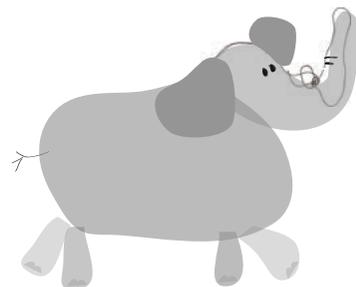

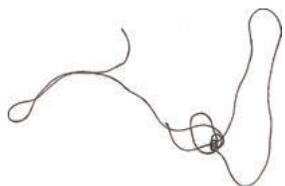

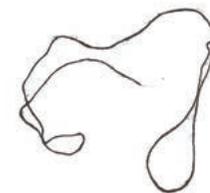

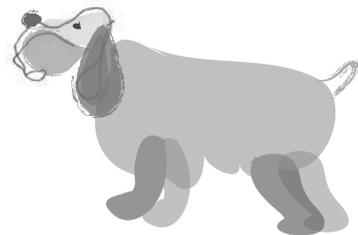

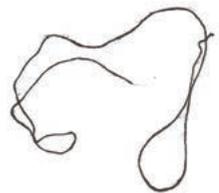

With alive yarns, tables can also be created

Imagine your story
with this drawing

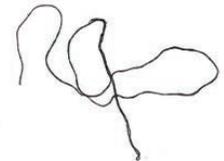

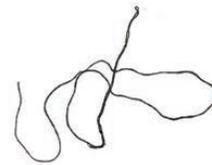

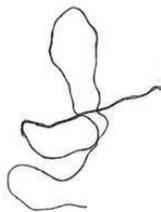

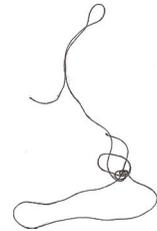

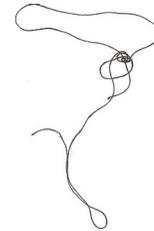

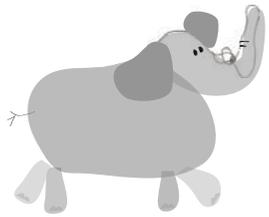

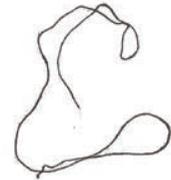

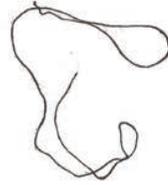

Look at all the yarns and characters that have been created with them

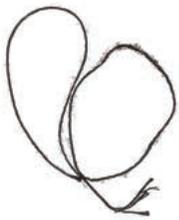

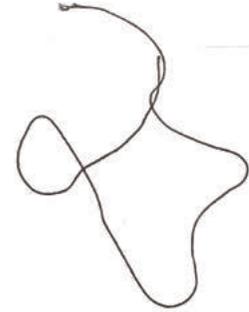

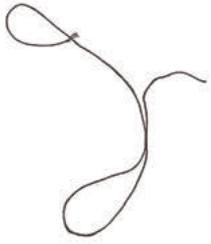

Invent your own drawings with these curious yarns

Create more drawings with the yarns rotated

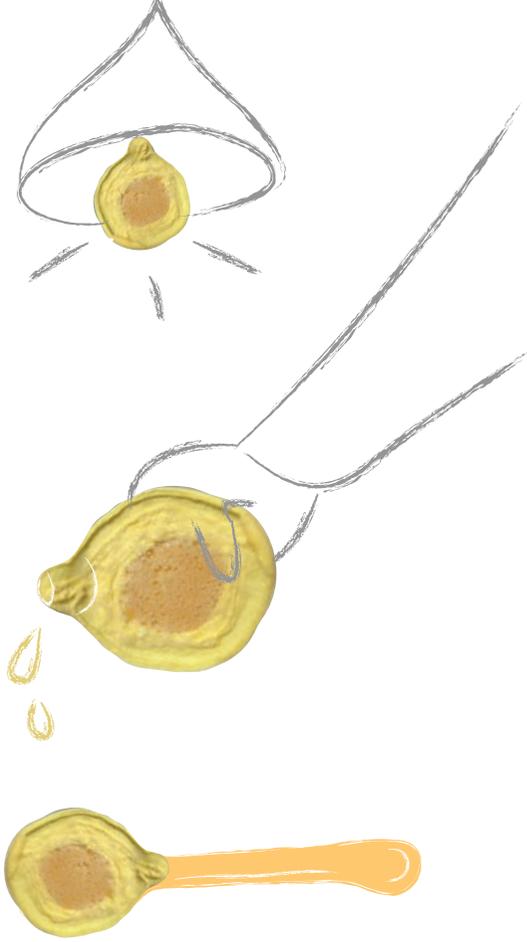

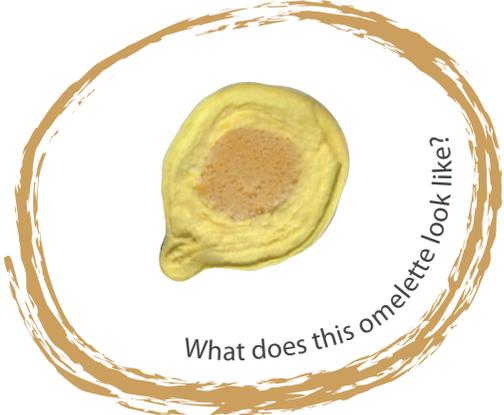

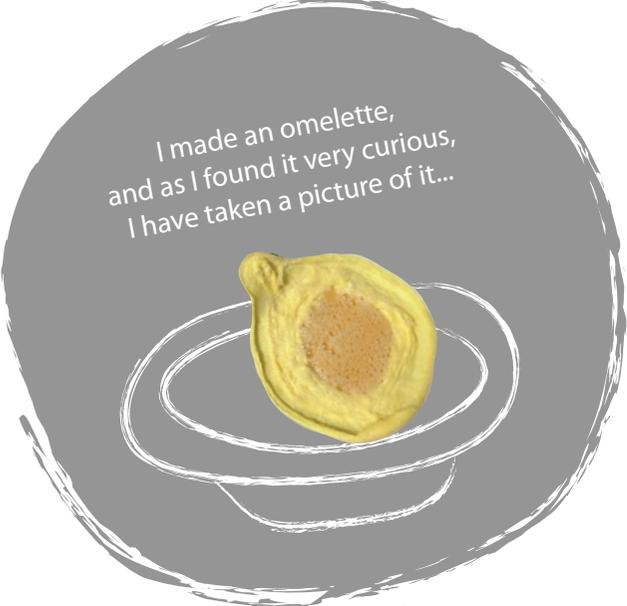

Turn these yarns into characters and objects

Create your own yarns and invent your own drawings

CURIOUS OBJECTS

3

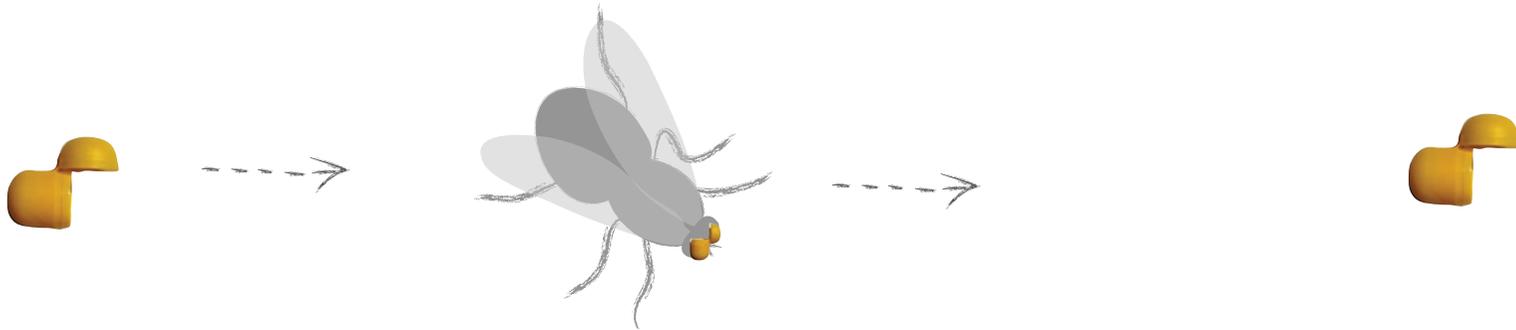

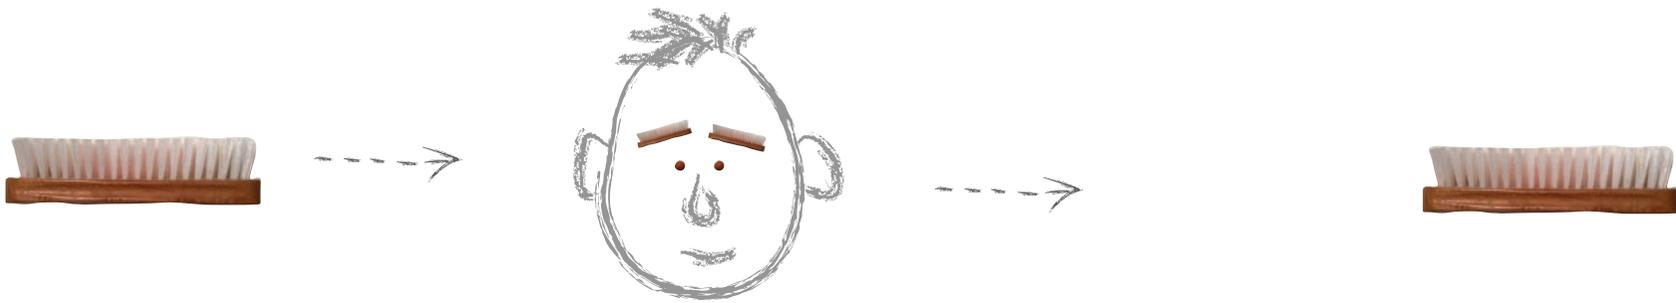

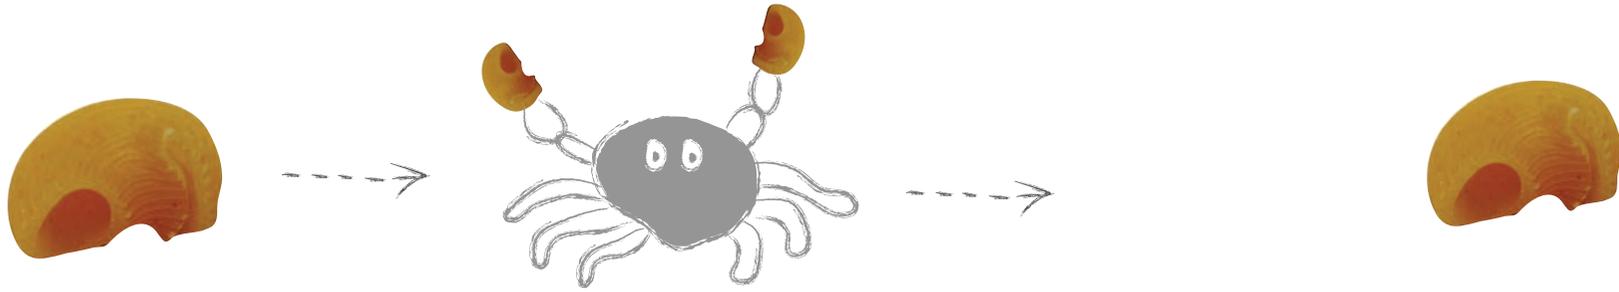

With the curious objects you can also make a drawing

Imagine your story
with this drawing

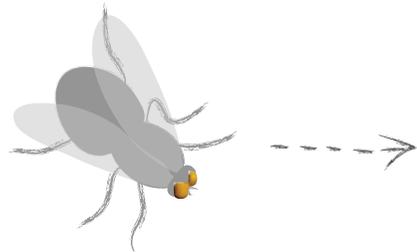

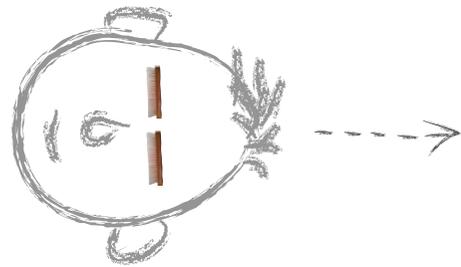

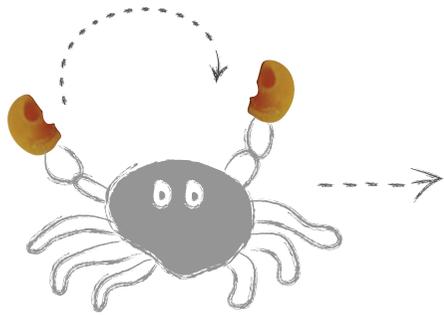

Look at all the objects and characters that have been created with them

Invent your own drawings with these objects

Create more drawings with the objects rotated

Turn these objects into characters and objects

Cut your photos from various magazines, paste them here and make your drawings
